write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: cancel.case.wizard
----------------------------

create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
found	Found, boolean
id	ID, integer, readonly
message	Message, text, readonly
name	Case NO:, char, required
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: case.wizard.abstract	
message	Message, text, readonly

Object: create.case.wizard	
admission_date	Admission date, date
c_ids	Patient:, many2one
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
criticality	Criticality, selection, required
curr	Current illness, text
d_id	doctor name, many2one
display_name	Display Name, char, readonly
id	ID, integer, readonly
name	Case ID:, char, required, readonly
prev	Previous illness, text
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: doctor.designation	
create_date	Created on, datetime, readonly

create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
id	ID, integer, readonly
name	Designations, char, required
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: doctor.speciality	
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
id	ID, integer, readonly
name	Specialization, char, required
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: hospital.appointment	
a_id	Appointment ID, char, required, readonly
active	Active, boolean
activity_calendar_event_id	Next Activity Calendar Event, many2one, readonly
activity_date_deadline	Next Activity Deadline, date, readonly
activity_exception_decoration	Activity Exception Decoration, selection, readonly Type of the exception activity on record.
activity_exception_icon	Icon, char, readonly Icon to indicate an exception activity.
activity_ids	Activities, one2many
activity_state	Activity State, selection, readonly Status based on activities Overdue: Due date is already passed Today: Activity date is today Planned: Future activities.
activity_summary	Next Activity Summary, char
activity_type_icon	Activity Type Icon, char, readonly Font awesome icon e.g. fa-tasks

activity_type_id	Next Activity Type, many2one
activity_user_id	Responsible User, many2one, readonly
appointment_date	Appointment Date, datetime, required
appointment_today	Appointment Today, boolean, readonly
c_ids	C, many2one
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
has_message	Has Message, boolean, readonly
id	ID, integer, readonly
message_attachment_count	Attachment Count, integer, readonly
message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error
message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
my_activity_date_deadline	My Activity Deadline, date, readonly
rating_ids	Ratings, one2many
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

a_ids	A, one2many
active	Active, boolean
activity_calendar_event_id	Next Activity Calendar Event, many2one, readonly
activity_date_deadline	Next Activity Deadline, date, readonly
activity_exception_decoration	Activity Exception Decoration, selection, readonly Type of the exception activity on record.
activity_exception_icon	Icon, char, readonly Icon to indicate an exception activity.
activity_ids	Activities, one2many
activity_state	Activity State, selection, readonly Status based on activities Overdue: Due date is already passed Today: Activity date is today Planned: Future activities.
activity_summary	Next Activity Summary, char
activity_type_icon	Activity Type Icon, char, readonly Font awesome icon e.g. fa-tasks
activity_type_id	Next Activity Type, many2one
activity_user_id	Responsible User, many2one, readonly
admission_date	Admission Date, datetime Enter admission date of patient.
bill_id	Order Id, char, readonly
c_id	Case Id, char, required, readonly
c_ids	Case:, many2one, required
c_notes	Case Notes, text
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
criticality	Criticality, selection, required
curr_illness	Illness (Current), char, required
currency	Currency, many2one, readonly
d_email	Doctor Email, char, readonly
d_gender	Gender, selection, readonly
d_id	Doctor Id, char, readonly
discharge_date	Discharge Date, datetime Enter discharge date of patient.

display_name	Display Name, char, readonly
doc_mob	Doctor Mobile No., char, readonly
doctor	Doctor, many2one, required
duration	Duration (Days), integer
fee_tax	Fee Tax, monetary
fees	Fees, monetary
final_total	Total Cost:, monetary
has_message	Has Message, boolean, readonly
id	ID, integer, readonly
is_admitted	IS Admitted, boolean
is_paid	Is Paid, boolean
m_notes	Previous Issues, text
message_attachment_count	Attachment Count, integer, readonly
message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error
message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
my_activity_date_deadline	My Activity Deadline, date, readonly
p_age	Patient Age, integer, readonly
p_blood_group	Blood group, char, readonly
p_email	Email Address:, char, readonly
p_gender	Gender, selection, readonly

p_id	Patient Id, char, readonly
p_image	Patient Image, binary, readonly
p_is_child	Is_child, boolean, readonly
p_mob	Mobile No., char, readonly
p_name	Patient Name, char, readonly
prescription_ids	Prescription, one2many
prev_illness	Illness (Previous), char, required
progress_rate	Progress Rate, float
rating_ids	Ratings, one2many
room_price	Room Charge (per Day), float
room_tax	Room Tax, monetary
room_type	Room, selection
state	State, selection
tax	Tax 18%:, monetary, readonly
tax_total	Total:, monetary, readonly
total_charge	Total charge, monetary
total_fee	Total Fees, monetary
total_price	Untaxed Amount:, monetary, readonly
total_room_charge	Total Room Charge, monetary
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: hospital.doctor	
active	Active, boolean
activity_calendar_event_id	Next Activity Calendar Event, many2one, readonly
activity_date_deadline	Next Activity Deadline, date, readonly
activity_exception_decoration	Activity Exception Decoration, selection, readonly Type of the exception activity on record.

activity_exception_icon	Icon, char, readonly Icon to indicate an exception activity.
activity_ids	Activities, one2many
activity_state	Activity State, selection, readonly Status based on activities Overdue: Due date is already passed Today: Activity date is today Planned: Future activities.
activity_summary	Next Activity Summary, char
activity_type_icon	Activity Type Icon, char, readonly Font awesome icon e.g. fa-tasks
activity_type_id	Next Activity Type, many2one
activity_user_id	Responsible User, many2one, readonly
appointment_count	Appointment Count, integer, readonly
case_count	Case Count, integer, readonly
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
currency	Currency, many2one
d_age	Age, integer
d_dob	Date of Birth, date, required
d_email	Email, char
d_gender	Gender, selection, required
d_id	Doctor Id, char, required, readonly
d_image	Photo, binary
designation	Designation, selection
display_name	Display Name, char, readonly
doc_mob	Mobile No., char
doctor	Name, char, required
exp	Experience, char, required
has_message	Has Message, boolean, readonly
id	ID, integer, readonly
info	Info, text
is_married	Is_married, boolean
joining_date	Joining Date, datetime

leaving_date	Leaving Date, datetime
message_attachment_count	Attachment Count, integer, readonly
message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error
message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
my_activity_date_deadline	My Activity Deadline, date, readonly
password	Password, char
patient_ids	Patients, many2many
qualifications	Qualification, many2one
rating	Rating, selection
rating_ids	Ratings, one2many
salary	Salary, monetary
specialist	Specialist, many2many
user_id	User, many2one
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: hospital.nurse
